

TITAN DECK

MARINE DECKING

WALK ALL OVER US. WE CAN TAKE IT.

— LIMITED LIFETIME WARRANTY

By exceeding traditional dock decking standards, you can rest easy knowing that your boards are not only backed by a warranty but are truly built to last.

— UV PROTECTION

Titan Deck is built to resist the fading that is typically found with other deck boards. Our boards are UV protected to minimize unsightly fading over time.

— 100% POLYPROPYLENE

Titan boards are made of 100% polypropylene — a strong, flexible, heat-resistant plastic that can withstand nature’s harshest elements.

MAKE YOUR DREAM DOCK A REALITY WITH TITAN DECK

Our 100% polypropylene boards are guaranteed to exceed expectations for years to come with no warping, bending, cracking, splinters or tiresome upkeep. Titan Deck boards are UV protected to minimize fading and don't retain heat, allowing you to walk barefoot without discomfort. Plus, our boards can minimize storm surge damage with their water flow-through design.

RESTORE YOUR EXISTING DOCK WITH NEW TITAN DECKING

If you have a dock with a solid structure but boards that are deteriorating, re-decking with Titan is a great and affordable option.
